

International Exhibition on
Chemical Warehousing, Transport & Logistics

April 20-21, 2021

Hall 1, Bombay Exhibition Centre

Organisers

India is emerging as one of the most important global locations for the chemical industry, with continuous growth in the demand of chemicals.

India's large coastline, land area and the largest rail network provide an immense opportunity to logistics and warehousing companies.

As a result there is no better time to strengthen your position with this dynamic market. **ChemLogistics India** is your company's opportunity to make new business connections, reinforce old ones, showcase your innovations & products, demonstrate technical capabilities and learn what your peers are doing.

Co-located events will showcase bulk, fine and speciality chemical industries and process technology, equipment and supplies.
